

COATS®

9028E Tire Changer

For servicing single piece automotive and most tubeless light truck tire/wheel assemblies.

Any other type, including tube type and agricultural, require special handling.

Tires identified as truck tires need to adhere to OSHA standard 1910.177.

Parts Identification

READ these instructions before placing unit in service. KEEP these and other materials delivered with the unit in a binder near the machine for ease of reference by supervisors and operators.

Parts Identification

The following pages include parts breakdowns with exploded view illustrations to help with ordering replacement or spare kits. Assemblies are noted where it is recommended that individual parts not be ordered separately. Note that the parts view illustrations are for multiple models and not all parts shown are on all models. Every effort is made to supply accurate exploded views, however, due to interim changes in manufacturing operations, some units may not be exactly as illustrated.
