

COATS

Engineered to Perform. Designed to Last.

CHD SERIES TIRE CHANGERS

CHD 6330, 9041, 9551

THE SMART SOLUTION FOR YOUR TOUGHEST JOBS

Every tire changer in the Coats CHD line is designed to meet specific challenges head-on—delivering the reliability and ease of use you need to send productivity soaring. All our products share core features, but we've added innovation as you move up the line. That's why there's a Coats heavy duty tire changer that's ideal for every job you tackle.

FEATURED PRODUCT

#80063301PH (1ph), #8006330 (3ph)

- Four-jaw chuck allows fast and easy clamping of virtually all rim styles, including de-mountable, dayton style, reverse disc, standard disc, and off-road style wheels.
- Floating jaws match wheel contours for excellent grip and safety.
- Solid, single-piece frame for added capacity and reliability.
- Portable wired control unit lets you work from the best angle at all times.
- Handles rims from 13" to 27" and tires up to 63" in diameter.

CHD-6330

The smart choice as your volume increases

It's the most compact heavy duty tire changer available today. This easy-to-learn model is designed for shops with moderate to high volume with a wide range of applications. Single and three phase models available.

Perfect for servicing tubeless truck and trailer tires and small industrial assemblies such as Skid Steers.

Large Agricultural and Earth Moving Tire Changer

CHD-9041

Step up to a full range of fitment solutions

A great solution for moderate to high volume shops and fleets where fitments vary widely, including agricultural applications.

#8009041

- Extended capacity four-jaw chuck, which allows for use on a massive range of applications.
- Open frame design for easy wheel movement.
- Handles rims from 14" to 46" (up to 56" with clamp extensions) and tires up to 90.5" in diameter and 42" wide.

Handles the largest Mining, Earth Moving, and Agricultural Assemblies

CHD-9551

Designed to handle the toughest jobs

Our top-of-the-line changer is designed for high-volume shops. The CHD-9551 makes it easy to handle the toughest super-single, skidder, agricultural, and off-road tires on the market.

#8009551

- Offers the most automated features and widest range of fittings in the CHD line.
- Remote control rotating tool head/arm for the fastest, easiest tool changes in the business.
- Optional wireless remote gives you freedom to move around the machine without cumbersome cables. *Part Number: #89238598*
- Handles rims from 14" to 46" (up to 56" with clamp extensions) and tires up to 95" in diameter and 51" wide.
