#4TTIL (set of 4)

Built in tire inflation hoses with pressure gauges for all sides, front and back of the lift, makes inflating tires to proper PSI during service. Factory installed.

For All 4 Posts and Platform Scissors

Heavy Duty Rolling Jacks

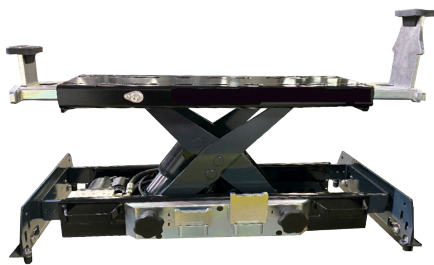

Coats heavy duty rolling jacks are hydraulic, scissor style jacking beams that roll between the runways of a four post lift or scissor lift and allow your techs to perform services like tire rotations, suspension repairs, and alignments. Comes with adapters.

A quality rolling jack makes adjustments commonly done during alignments easier by giving techs control over vehicle load during service. They're designed to lift heavy, unevenly loaded vehicles, resist corrosion, and last for years.

For All 4 Posts and Platform Scissors

5 Year Warranty Included

One of the best warranties in the industry

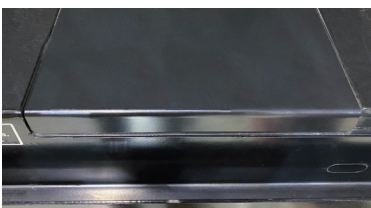

Standard Rolling Jacks

Comes with a 1 year warranty.

For All 4 Posts and Platform Scissors

Lift Capacity	Jack Capacity	HD Rolling Jack	Standard Jack
