Engineered to Perform. Designed to Last.

BODY GUARD

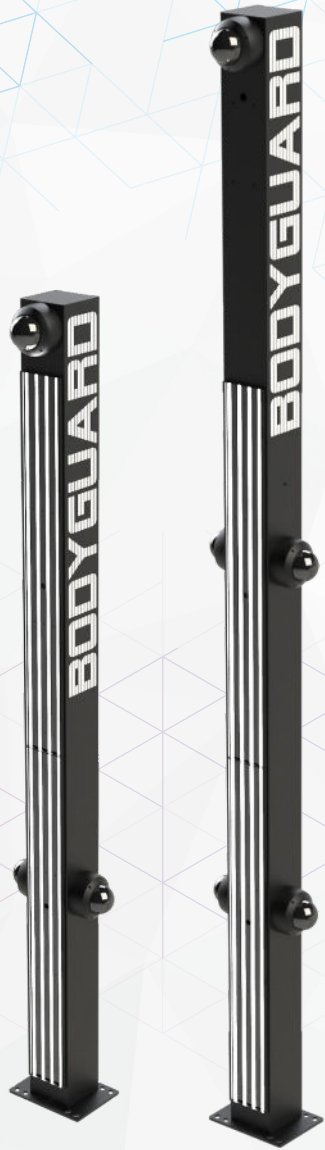

Vehicle Damage Defender

PROTECT AGAINST DAMAGE

The Coats BODYGUARD captures the state of the vehicles' exterior as it enters or exits your service bay using HD cameras and automatic high-powered LED lights. Images and videos are automatically logged into the cloud storage platform for future reference.

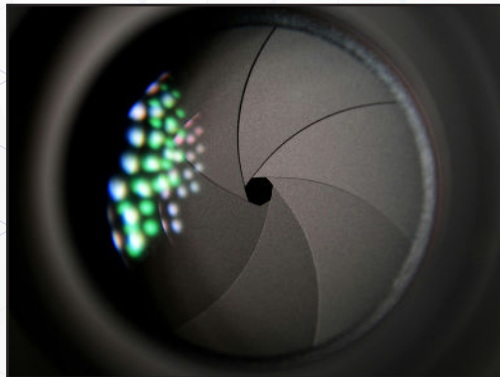

WATERPROOF DESIGN

Indoors and outdoors

Our sealed tower is suitable for wet weather conditions.

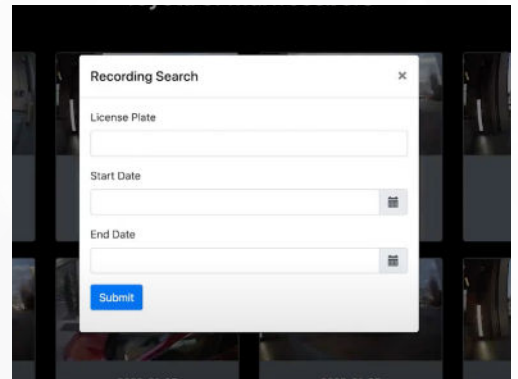

HIGH-DEFINITION CAMERAS

Capture all knooks & crannies

Each tower is equipped with 3 high-definition cameras that capture video documentation of each vehicle.

LICENSE PLATE SCANNING

Streamline your bay

Our system uses automatic number-plate recognition to search for images and videos by license plate.

CLOUD STORAGE PLATFORM

Easily accessible information

Recall footage and images of any vehicle in our user-friendly cloud storage platform by plate number or date.

DEFEND YOUR SHOP

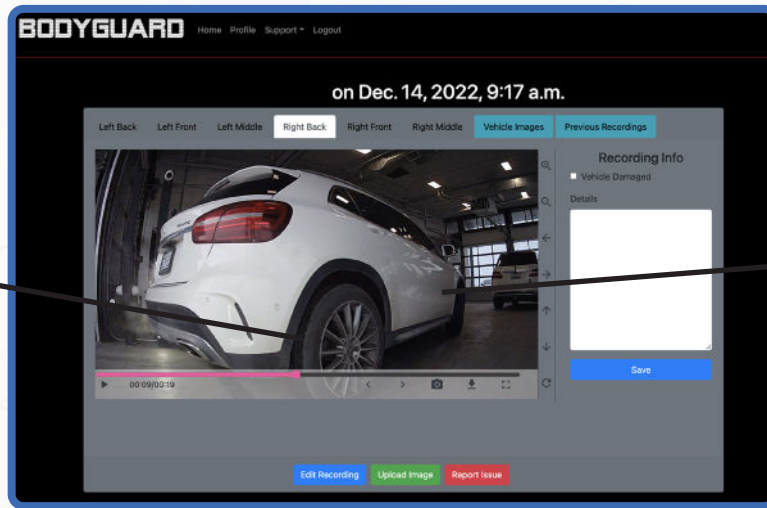

CLAIMS WITH BODYGUARD

- MULTI-PURPOSE**
Applicable everywhere. Including, dealerships, car washes, tire shops, service bays, auto auctions, rental services, valet parking, etc.
- ALL-IN-ONE**
Security cameras in bays aren't enough. They lack searchability, backups, complete angles, proper lighting, and high resolution. If it's not a Bodyguard, it's simply cameras on a pole.
- FRAUDULENT CLAIMS**
If you don't have a damage detection system in place, you're leaving your shop open to fraudulent damage claims.
- FLEXIBLE**
Unlike other systems, the flexible setup allows you to fit the needs of YOUR shop within YOUR budget.

CLOUD BASED PLATFORM

Intuitive Interface

➤ Captures Rim Damage

➤ Easily Spot Body Damage

➤ Top and 360° views in one screen

➤ Information retrievable by license plate or date

➤ See historical vehicle conditions easily and quickly
