Engineered to Perform. Designed to Last.

# 4-POST LIFTS

**15K, 19K, 30-33K Service Capacities**

## **15K Service**

4T415CSSR1 • 4T415CXR1  
4T415OSSR1 • 4T415OXR1

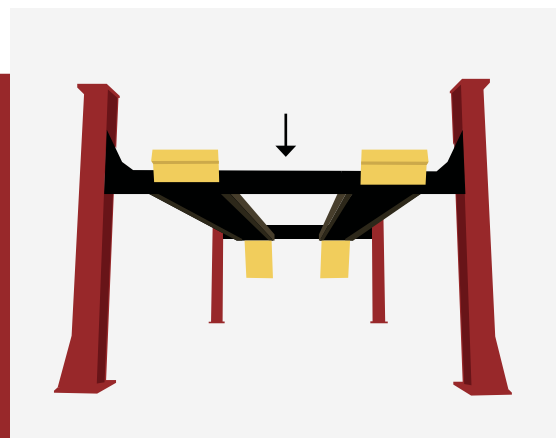

## **19K Service**

4T419CSSR1 • 4T419CXR1

## **30-33K Service**

4T430CSSR1 • 4T430CXR1 • 4T430CESR1  
4T433CSSR1 • 4T433CXR1 • 4T433CESR1

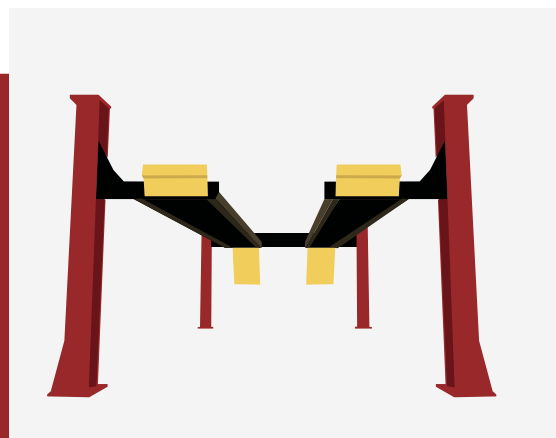

## 15K Service

### 15K Closed Front

Crossbeam across the front posts of the lift enhances stability.

Low collapsed height of 7 3/4" (197mm)

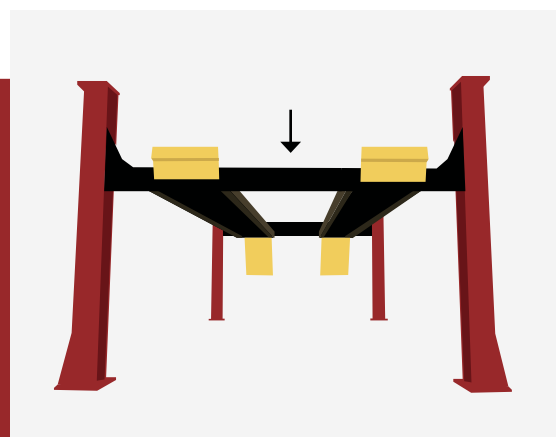

### 15K Open Front

No crossbar, making it easier for technicians to maneuver under the lift

Low collapsed height of 8 3/8" (213mm)

## 19K Styles

### 19K Closed Front

Enhanced stability, making it great for larger vehicles like light and medium duty trucks or vans.

### 15K Capacity

#### Standard Size

#4T415CSSR1

210" Runway Length

#### Extended Size

#4T415CXSR1

237" Runway Length

### 19K Capacity

#### Standard Size

#4T415CSSR1

211" Runway Length

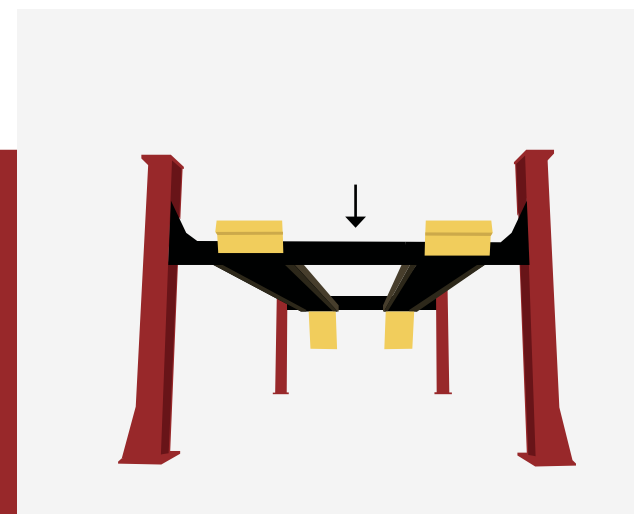

#### Extended Size

#4T415CXSR1

238" Runway Length

## 30-33K Styles

### 30-33K Closed Front

With 24" reinforced runways, it handles heavy-duty vehicles like buses, semi-trucks and dump trucks, ensuring stability for repairs and inspections.

#### Standard Size

#4T430CSSR1, #4T433CSSR1

264" Runway Length

#### Extended Size

#4T430CXSR1, #4T433CXSR1

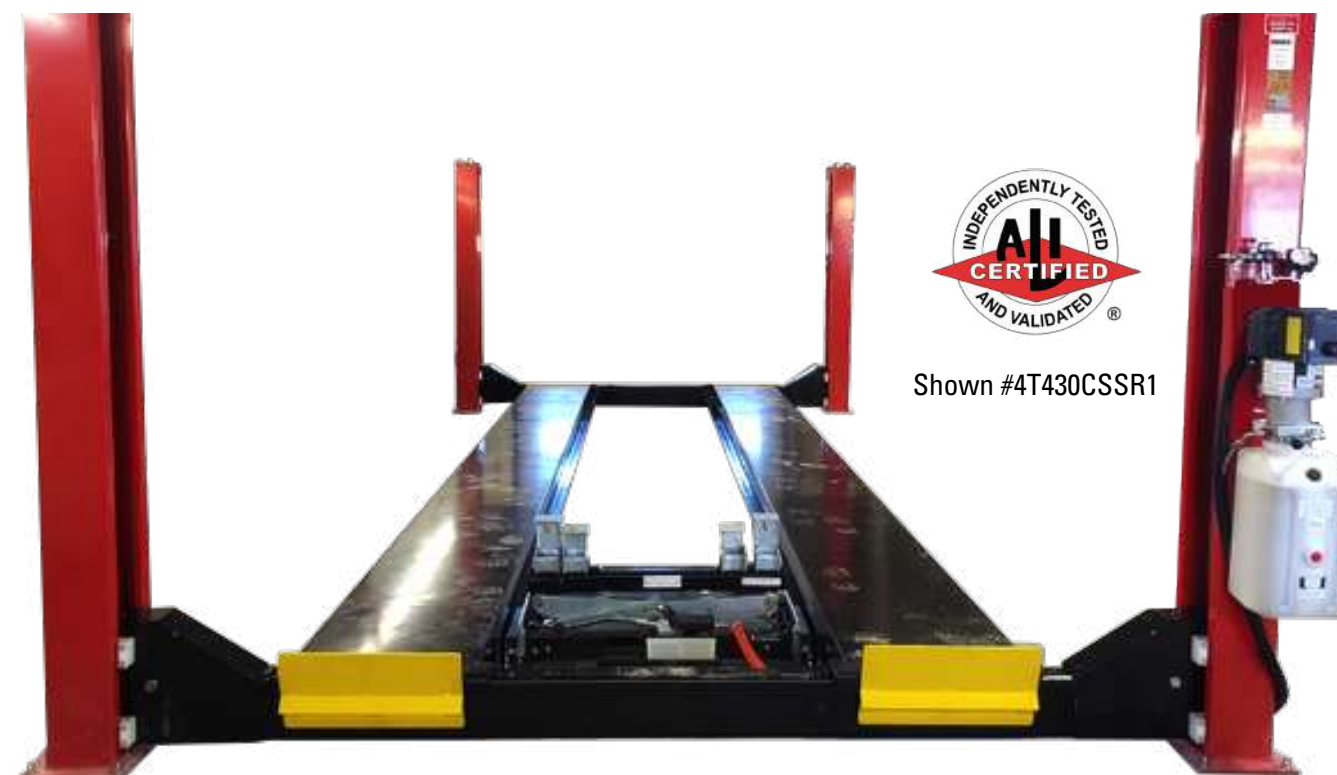

300" Runway Length

#### Extra Long Size

#4T430CESR1, #4T433CESR1

336" Runway Length

Shown #4T430CSSR1

## Ask About Our 15K & 19K Drive Thru Kit!

Having ramps on the front of the lift will add more options for your technicians to drive customer vehicles in and out.

**#4T154PDTK**

**#4T194PDTK**

## Ask About Our 30-33K Drive Thru Kit!

Add more versatility to your shop layout by adding drive-thru ramps on the front of the lift.

**#4T304PDTK**

# Perfect for Performing Service on All Cars, Light, Medium, Heavy Duty Trucks

Coats 4 post lifts provide an ideal and affordable multipurpose platform for performing vehicle service.

### Corrosion Resistant

**Powder Coat**  
Improves durability of the lift by protecting against structural corrosion

**Krown Rustproofing** Industrial rustproofing protection sprayed on inside and outside surfaces

Shown #4T419CSSR1

### Flip Down Front Wheel Stops

Ensures vehicles remain securely in place during servicing.

### US Made Bucher Power Unit

High performance and low noise levels at max power

## Built to Perform

Our 4 Post Service Lifts are designed and assembled in North America using raw materials and parts sourced from premium suppliers. Our lifts undergo third party testing to secure ALI Certification. This testing goes beyond the minimum requirements to provide longer life with less maintenance, keeping total cost of ownership low.

### Grease Fittings

Lubricated grease fittings reduce maintenance costs.

### Double Stacked Pulleys

Pulleys are double stacked on two chrome plated pins with grease fittings allowing lubrication and reducing localized system loading and stresses over a larger area compared to lifts having one pin with four pulleys stacked.

### Non-Rotating Trunnions

Prevent twisting and pulling of cables, preventing unwanted damage and uneven stress.

### Stainless Steel Materials

Corrosion resistant stainless steel air lock release cylinders to lower cost of ownership.

### Air Lock Release

This configuration on the lift ensures quality air with supplied filter, lubricator, and regulator.

### Cables & Pulleys

Prestretched cables reduces the frequency of cable level adjustments. Large machined steel pulleys with self lubricated bearings reduce friction between moving parts.

### Non-Flex Runways With Z Rail

Reinforced double walled runways reduce flex, increasing alignment accuracy and repeatability.

# Add Rolling Jacks To Your Lift!

Expand on your lift capabilities by adding rolling jacks to help perform brake, wheel, suspension, and other services. We recommend two rolling jacks to maximize your shop performance.

1 Year Parts Warranty

## High Capacity Heavy Duty

Includes 2" Rubber Adapters, with 2" and 4" Extension Adapters.

For 30-33K Lift

15,000 lb Hydraulic HD Rolling Jack

#4TRJ15

5 Year Parts Warranty

## Heavy Duty

Includes 2" Rubber Adapters, with 2" and 4" Extension Adapters.

For 15K Lift

7,500 lb Hydraulic HD Rolling Jack

#4TRJ7500HD

For 19K Lift

9,000 lb Hydraulic HD Rolling Jack

#4TRJ9000HD

1 Year Parts Warranty

## Standard

Includes 1" Rubber Adapters, with 1-1/2" to 3-1/4" and 8" Extension Adapters.

For 15K Lift

7,500 lb Hydraulic Rolling Jack

#4TRJ7500HA

## Who We are

The Coats Company is a leading, global manufacturer and distributor of automotive service equipment and solutions. Based in Nashville, TN, we work with shops and dealerships around the world.

## What We Do

- ✓ Maximize your uptime with our durable & reliable products
- ✓ Improve productivity with the fastest floor to floor times
- ✓ Provide easy to use equipment and solutions to our customers

## Why Coats

- ✓ **Legacy** - For over 75 years, Coats has been trusted by shops and dealers across the country
- ✓ **Reliability** - Customer and technical service when you need it most
- ✓ **Profitability** - Our products make your shop or dealership more efficient and profitable

# 15K and 19K 4 Post Service Lift Accessories

## Moveable Work Step

#4TMWS (Set of 2)

Removable platforms with non slip surface

## Low Profile Ramp Extensions

#4TLPRE (Set of 2)

Non-slip, bolt-on, 3 foot long ramps used for tighter shop spaces and lowered vehicles

## Rolling Waste Oil Drain

#4T4RWOD

30 gallon capacity with antislash baffles for automotive liquids and waste

## Air Kit

#4TSKAT

Factory installed for technicians to use air tools. Disconnects not provided

## LED Lighting Kit

#4TLED1 (Set of 2)

Factory installed LED runway kit illuminating under vehicle

## Air Electric Station with Tool Holder

#4TAEPS (Individual)

Convenient for technicians to keep tools close to the lift

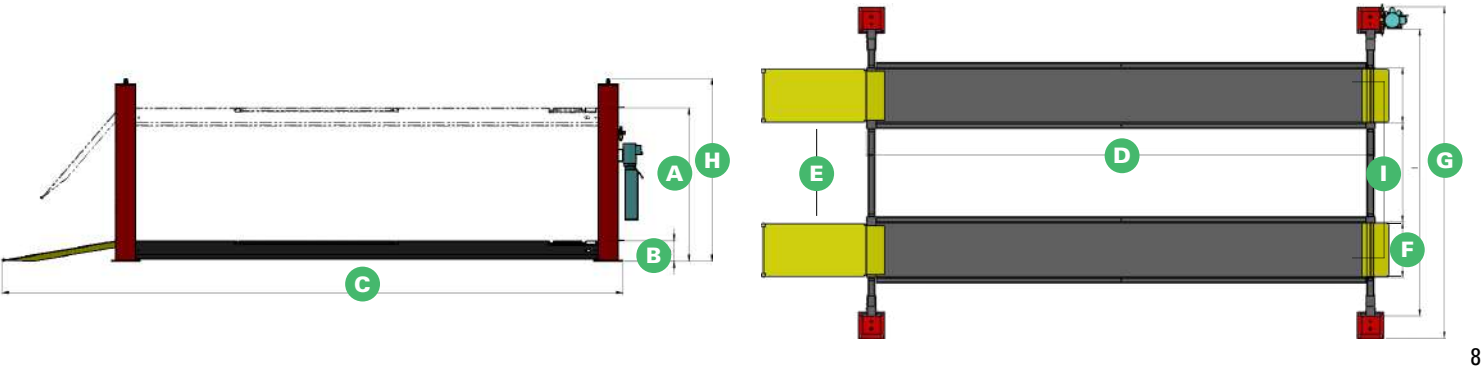

## Tire Inflation Kit

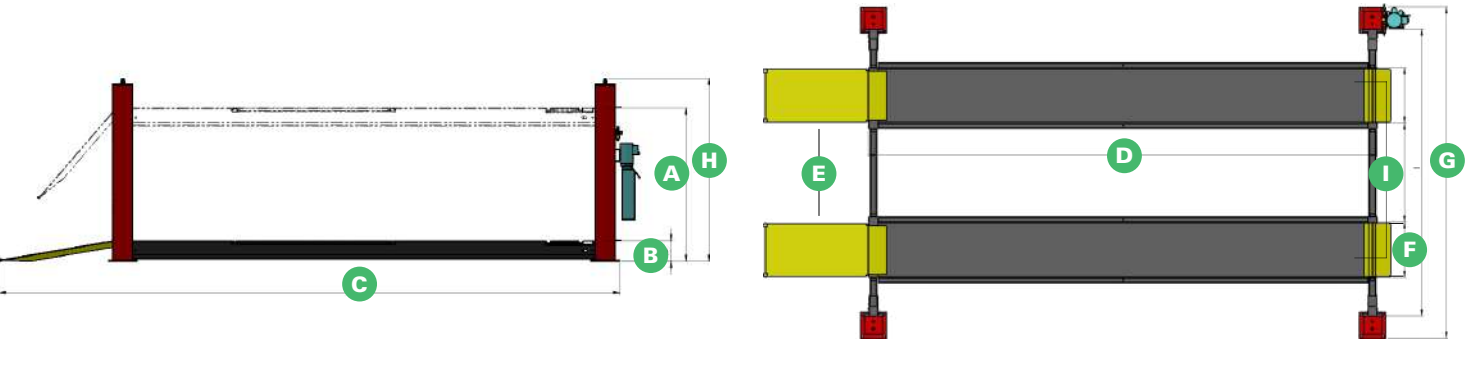

#4TTIL (Set of 4)

Built in tire inflation hoses with pressure gauges for all sides front and back of the lift
